

Biography

Department of the Army

Barry J. Pike

Director,
Weapons Development and Integration Directorate
U.S. Army Combat Capabilities Development
Command
Aviation and Missile Center
Redstone Arsenal, Alabama

Mr. Pike was selected for Senior Executive Service in January 2010. He serves as the Director, Weapons Development and Integration Directorate (WDI), U.S. Army Combat Capabilities Development Command (CCDC), Aviation and Missile Center, Redstone Arsenal, Ala. WDI conducts research, exploratory and advanced development, technology demonstrations, and provides engineering and scientific expertise in all aspects of weapon system design, development, improvement, and integration for the Army. WDI is responsible for integration of these weapon systems onto both manned and unmanned platforms, serves as a life cycle management enterprise for Department of Defense missile technology, and supplies key essential engineering support to our customers for these weapon systems.
