

Briefer Smartcard

Name: Jeff McCormick

Unit: NASIC/Space, Missiles, and Force Employment Group/Ballistic Missile Analysis Squadron

- As Principal Intelligence Analyst, Mr. McCormick guides the Space and Missile Group's ballistic missile analytic production against a near-peer adversary, ensuring timely delivery of relevant intelligence data products and services to operational warfighters, acquisition and force modernization communities, and senior defense and intelligence community policymaking customers.

Profile:

- Mr. McCormick began his government service upon graduation from Purdue University. He assumed his current Principal Intelligence Analyst position in 2012.
- Mr. McCormick is also a Campaign co-lead under an intelligence community hard target effort sponsored by the Office of the Director of National Intelligence.
